## STEVENTON PARISH COUNCIL

Mrs. Angela Einon, Parish Clerk

Telephone: 01235 831024

Email [steventonpc@tiscali.co.uk](mailto:steventonpc@tiscali.co.uk)

Website: [steventonoxon.org.uk](http://steventonoxon.org.uk)

**Steventon Parish Council Meeting was held on Tuesday 6<sup>th</sup> December 2022 at 7pm  
in the Millennium Room of the Village Hall**

### 1. APOLOGIES FOR ABSENCE

Apologies had been received from Mr Rice and Mr Stimpson-Tame.

### 2. PRESENT

Mrs S Broadbent, Chair, Mr J Bennett, , Mr J Clark, Mrs C Denton, and Dr C Wilding.

Mrs A Einon (Parish Clerk) and Cllr Sally Povolotsky(OCC & VWHDC) were in attendance. The meeting was joined by five members of the public.

### 3. DECLARATIONS OF PECUNIARY INTERESTS AND OTHER DECLARATIONS

To receive any declarations of disclosable pecuniary interests, and other declarations, in respect of items on the agenda for this meeting.

There were no declarations.

### 4. PUBLIC PARTICIPATION

#### 4.1. GARD

Nick Thompson gave the report from GARD on behalf of Derek Stork.

1. We had a good briefing session on the Reservoir in Steventon on the 25<sup>th</sup>, and, since then, have briefed Drayton and Marcham attended by about 50 people at each. We are finishing off this week with Garford, East Hendred and East Hanney.
2. Thames Water have still not published their Draft Plan (now 3 weeks late). They are held up in discussions with the Environment Agency (no idea why).
3. However, we can see from the WRSE and Affinity Water plans that the reservoir is still at the centre of the plans - to be started in 2025 and finished by 2040.
4. The size of the Reservoir has shrunk to 100 million cubic metres (from 150). This is now back at the size which was rejected at the Public Inquiry. So it is still huge and unacceptable. The site of the Reservoir can now be seen on the various websites (this happened after the Steventon meeting). The Reservoir is still just as close to Steventon and Drayton - the lost area in going to the slightly smaller reservoir is from moving the western edge away from East Hanney.
5. I'll be sending a map of the new reservoir location round to the PC.
6. Thames Water hope their plan will be published on 14<sup>th</sup> December - the consultation will last 14 weeks, so it will end towards end of March (the WRSE ends on 23<sup>rd</sup> February).

#### 4.2. Water responses

#### 4.3. Poppy Appeal

Mr Thompson informed the meeting that the village had raised £5216 for the poppy appeal. Mrs Broadbent thanked Mr Thompson for all his work in organizing the appeal in the village on behalf of the British Legion.

#### 4.4. Gas cannisters Milton Lane

Mr and Mrs Turton had cleared a large number of empty gas cannisters from in and around the bin at the end of Milton Lane. These were of the large commercial kind not the soda stream bulbs normally found. It was hoped that this was a one off, party clear out incident, but the Turton's were asked to let the parish know if this occurred again and professional removal would be arranged. It is not illegal to use the gas and the police have no powers apart from anti-social behaviour.

### 5. REPORT FROM ANY COUNTY OR DISTRICT COUNCILLOR IN ATTENDANCE

#### Oxford traffic filters

The Oxfordshire Fair Deal Alliance has taken a bold step to reduce congestion in and around Oxford with [traffic filters](#)

Car use in Oxford has doubled in the last 20 years and is likely to get considerably worse with further housing developments. Road space has not doubled, resulting in high levels of congestion and bus routes becoming unsustainable. Traffic filters are a congestion measure, aimed at reducing the number of private car journeys to free up space for buses. The benefits will include faster bus journeys and faster journeys for anyone using a filter pass.

Due to the closure of Botley Road in 2023 for work by Network Rail, the measure won't come into place until January 2024.

**Adult social care in the news:** The Lib Dem led administration continues to make adult social care and children's services a priority, where over half of county expenditure takes place. The Oxfordshire Way – a new approach by the council's adult social care team – aims to support people to live well and independently, within their own communities, for as long as possible

**Education commission launched:** OCC has launched an independent 'Education Commission', tasked with improving educational outcomes for all children and young people. A key goal of the commission will be to look at reducing the gap in educational attainment for disadvantaged children and children with special educational needs and disabilities.

**Budget setting process kicked off:** The process of setting OCC's annual budget has been kicked off with a public consultation. Within the context of rising inflation and rising demand for OCC's services (e.g. adult social care, SEND), the administration is seeking to create a balanced and fair budget that protects our most vulnerable residents. Since the government has not provided funding to meet the costs of inflation, OCC has been required to make savings of £44m of real-terms savings

**Plan to rationalise OCC property portfolio:** Oxfordshire County Council owns a whopping 905 sites around the county, including 13 offices. Led by finance cabinet member Cllr Calum Miller, OCC is being instructed to [rationalise](#) its property portfolio to realize savings by giving up leased buildings and deliver on climate goals.

Oxfordshire County Council's cabinet is set to make a decision on 24 January 2023 about whether to enter formal negotiations regarding leasing council-owned land to Oxford United Football Club (OUFC) for the development of a new football stadium.

Officers have now identified another potential location between Oxford and Kidlington and are discussing its suitability with the club.

Thames Water

Had a meeting with their senior teams about leakages and concerns, waiting on data requested at meeting

**Steventon**

• **20mph: Consultation is open**

**Works on the high street are nearing completion**

**The giant "bells" have been painted and I did notice a HUGE black mark already!**

**Stonebridge road / rest works has been assigned to next financial year**

**Attended the Water Summit**

**Reading SESRO Ofwat Rapid papers - digesting them!!**

## **6. APPROVAL OF THE MINUTES OF THE LAST MEETING**

The minutes of the meeting held on 1<sup>st</sup> November, were accepted as a true record with the following modifications:

5 y missing from Hanney

11.6 t missing from Stimpson-Tame

Proposed: Mr Bennett Seconded: Mr Clark

## **7. MATTERS ARISING FROM THE MINUTES OF THE PREVIOUS MEETING – REPORTS ON ACTIONS**

### **7.1. Bus shelter Little Green**

A request for a seat was made. The Clerk had obtained a quote from the bus shelter company to install a seat the cheapest option was a free standing 2m aluminium seat. The quoted cost of £569 plus £775 for installation plus VAT. The cost was considered to be excessive and other sources to be investigated.

**Action 22/12/01: Parish Clerk**

## 7.2. Rowstock relief scheme

A response had been drafted, circulated and approved. The Clerk had submitted this to the consultation.

## 7.3. Signage at Copse

The Clerk had asked for quotes from Falcon signs and was awaiting their response.

Action 22/12/02:Parish Clerk

## 8. PLANNING MATTERS

### 8.1. APPLICATIONS

P22/V2756/HH 23 Stonebridge Road Steventon Oxon OX13 6AU

Extend front bedroom to extend bathroom Erect Porch Extend rear workshop and kitchen Erect conservatory -wrap around living room

The application was discussed but the Council were not clear on the size, materials or location. A request to be submitted to the planning officer for more information.

## 9. ITEMS FROM RISK ASSESSMENT ACTION SCHEDULE

### 9.1. Review Register of Council Owned Land annually

The list was reviewed. The Clerk was completing an application to register the village greens.

### 9.2. Bi-annual check to ensure the latest [most suitable] anti-virus software is being used

McAfee Livesafe was being used.

## 10. WORKING GROUP, SUB-COMMITTEE AND REPRESENTATIVES ACTIVITIES

### 10.1. Finance and General Purposes Committee JB, JC, JR, CW, Clerk

Not met.

### 10.2. Planning Committee – Parish Council members.

Had met on 15<sup>th</sup> November in St Michael's School Hall.

The resulting submissions to the Vale were:

[P22/V2572/HH](#) 3 Stonebridge Road Steventon Abingdon OX13 6AS

Single storey rear and front extension and new roof

No objection

[P22/V2534/HH](#) Tethers End Abingdon Road Steventon Abingdon OX13 6RW

Proposed ground floor front and rear extensions, glazed canopy, internal and external alterations, and new boundary wall and gates

Steventon Parish Council has no objection to the proposed extension and new wall. However, there are concerns about visibility splays as the entrance, to the property and the next door business, are on a bend on a very busy road and the wall is high. OCC Highways comments important on this. The exterior drainage ditch flows to be maintained during and after installations.

[P22/V1425/FUL](#) 2A, 2, 6 and 6A High Street Steventon Abingdon OX13 6RS Amended

Retention of the single storey barn, demolition of other existing buildings, and mixed use redevelopment comprise erection of a 3-storey building to the rear, a 2.5 storey building fronting the High Street and a single storey extension to the barn to provide no.13 x residential units (Class C3) and no.2 x Commercial, Business and Service (Use Class E) units, ancillary floorspace, car parking, cycle parking, landscaping, refuse and recycling storage and associated works.

One parking space for each dwelling is insufficient for 13 dwellings none for the commercial buildings or their staff. There are potential for at least nineteen vehicles if two bed apartments have two professionals are jointly renting. Even on bedroom apartments frequently have a couple with two cars. There is no provision for disabled parking either for residents or visitors/customers. The methodology for parking assessment in the village is an unrealistic method for a rural village location The suggestion that 154 spaces are available for parking on High Street is complete fantasy when all

:

parking in the village is unrestricted no one would park on the High Street with the level of heavy lorries and traffic.

Exit onto the Causeway usually has cars parked close to the exit and visibility is very restricted. Photo 5 and 6 showing views along the Causeway in both directions is not the norm view far less due to parked cars. Access and exit for anything larger than a transit van is not provided. Therefore, will be causing an obstruction on either the Causeway or the High Street.

Disagree with comment transport technical note point 2.5 states there had been no incidents in the High Street in the past five years this is incorrect there was a serious incident in the High Street when a bus and lorry collided.

We still feel that this development does not contribute to the character of the area the street frontage is overly large and constitute over development. The proposed front buildings are three storey and do not fit sympathetically with the environment.

We still have concerns around potential flooding issues the redirection of excess flood water onto the Causeway. Into an area where houses have been flooded.

Current traffic levels on the High Street are greatly increased from the previous use of the site. Approx. 350 vehicles per hour in each direction is a basic level of traffic with constant HGV movements.

It is likely that residential movements and delivery usage would be greater for thirteen flats than the previous low industry use.

### 10.3. **Burial Ground CD, JC, MST, Clerk**

At the meeting on 30<sup>th</sup> October concern had been expressed that due to the lie of the land and the trees encroaching on the remaining burial area, it would be necessary to incorporate the paddock rather sooner than had been anticipated. It was felt that the fence should be removed to enable the area to be mown and bring it to a state suitable for use.

### 10.4. **Human Resources CW,CD,SB,JR**

Not met

### 10.5. **Recreation and Open Spaces – Trees, Greens, Waterways, Footpaths, Playground, Sports Hall. SB, JC, CD, JR, MST, CW**

#### 10.5.1. **Sports Hall Funds (Alternative uses) CW, SB, JC, JR, MST**

#### 10.5.2. **Play area**

Contractor required.

#### 10.5.3. **Trees**

Arbor Trees had been asked to quote for a survey of the trees on the green and the ash in the Copse. The price was awaited.

#### 10.5.4. **Verges and footpaths**

The verge at Mill Street was being damaged by large vehicles going around the cars parked outside 1 Mill Street. A letter to the National Trust and/or the occupiers.

Sheepwash verges damage by bin lorry and now parking of horse boxes.

It was felt that little could be done about the bin lorry turning, the alternative would be that all bins had to be presented at the top of the road. The current weather had made the problem much more obvious. The horse boxes using the area to park while visiting the Old Farmhouse should not happen. Visitors should park within the curtilage of the property. Only in exceptional circumstances with permission from the Parish council should the area be used for parking. The Clerk to write to the Ruffys.

### 10.6. **Village Infrastructure & Resilience – Railway, Roads, Drains JB, JR, CW.**

#### 10.6.1.1. **Ditches**

Martin Simpson-Tame reported: we had a morning of ditch clearing on Saturday 26th November. Following the notice in Steventon News 5 people joined Steve and myself.

We focused on the ditch around the big green working from the village hall, all the way around to the pumping station at the bottom of Milton Lane.

All wet natural debris remove was left on the bank for wildlife to return to the water.

We removed some large logs, some over 2m long from the ditch by the pumping station and disposed of them in the woodlands. As well as this we retrieved 1 and 1/2 bin bags of rubbish, bottles cans shoes posters. We brought it home and recycled it.

We hope to have another session in January focusing on The Causeway (out front of North Star) to The Priory. Then later in early spring Mill Street area opposite the waterfall.

**10.7. Sarinc CD**

Nothing to report

**10.8. Neighbourhood Plan. JC, CW, Clerk, and volunteers: Lorraine Atkins, Laura Bosley, Dick Bosley, Caroline Miller, Nick Thompson**

The draft NP had been sent to the Vale for comment. We had received helpful comments on some modifications and a Consultation Statement was required.

**10.9. Website group. JR, Clerk**

Not met.

**10.10. S106 Art working group CW, JC, SB, Clerk, Abi Brown (Vale), volunteer Lin Dewsnap**

The working group met on Wednesday 9<sup>th</sup> November when Peter Greenfield gave a presentation of the types of bench, he could make for the locations suggested. The group were very impressed with the time and effort he had put into drafting and liaising with people in the area and Damascus to come up with bespoke benches suitable for the locations. The presentation had been circulated to the Parish Council and the steering group would meet soon to decide on what should be included in the S106 application.

The map was ready for installation but it was felt that the Tree officer and the Conservation Officer at the Vale should be informed before erection.

**10.11. Other representative reports**

**10.11.1. Milton Park Forum. CW, JR**

Mr Rice was not present to report.

**10.11.2. Causeway Trust JC**

Purchase of the disease resistant trees being followed up. A new Trustee had been appointed.

**11. FINANCE Financial report 2022-23**

The financial reports were discussed and approved.

Proposed: Mr Clark Seconded: Mr Bennett

**11.2. Cheques for Signature**

**11.3. Precept 2023-24**

The precept for next year was discussed and a submission of £36,000 was decided upon.

**12. CORRESPONDENCE**
